

21 – Project submission

Uploading your project to Canvas

Jérôme Landré – jerome.landre@ju.se

OUTLINE

- 1) Project submission
- 2) Some words about the course

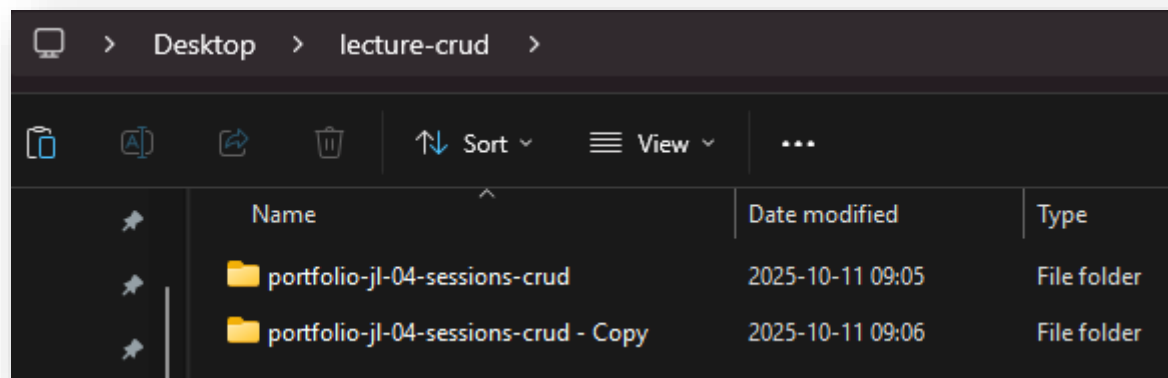

1) PROJECT SUBMISSION

- The server.js file **MUST** have this comment (with your personal information, put only one name if you worked alone) at the beginning of the file:
 - **Target grade**
 - The **use** of ChatGPT (or other tools)
 - The **source** of the images

```
JS server.js > ...
1  /*
2  Jerome LANDRE - jerome.landre@ju.se
3  Mira POP - mira.pop@ju.se
4
5  Target grade: 5
6
7  Project Web Dev Fun - 2025
8
9  Administrator login: admin
10 Administrator password: "wdf#2025" ----> "$2b$12$p5.UuPb9Zh.siIc78Ie.Nu9eGx9d50LT2pkecedig2P.6Cdfl1ZUa"
11
12 - Some code in this project where generated with the help of ChatGPT
13 - Several images come from the web (not made by us): google images, unsplash, pexels, pixabay.
14
15 */
16
17 //--- LOAD THE PACKAGES
18 const express=require('express')
19 const {engine}=require('express-handlebars')
20 const bodyParser=require('body-parser')
21 const bcrypt=require('bcrypt')
22 const session=require('express-session')
23 const sqlite3=require('sqlite3') // load the sqlite3 package
24 const connectSqlite3 = require('connect-sqlite3') // store the sessions in a SQLite3 database file
25
26 //--- DEFINE VARIABLES AND CONSTANTS
27 const port=8080
28 const app=express()
```

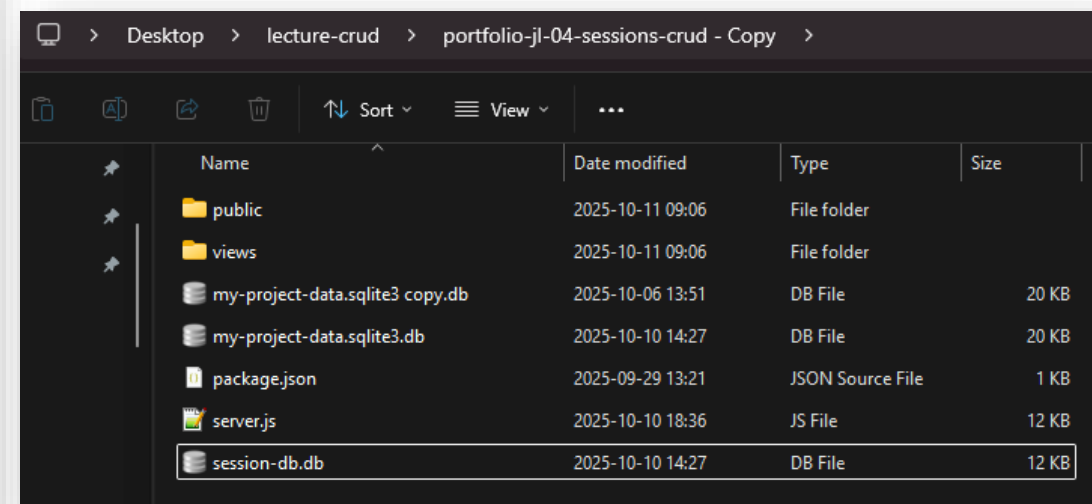

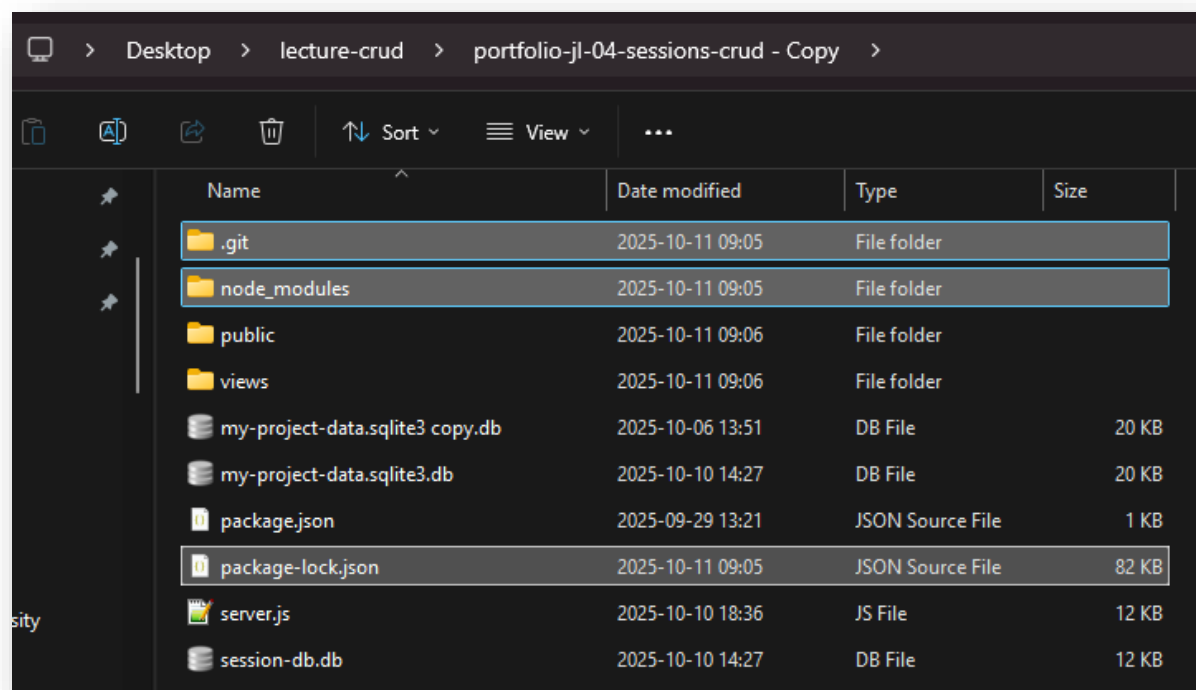

1) PROJECT SUBMISSION

- The project must be submitted as a **ZIP file** (no other format is accepted).
- To create this ZIP file:
 - Create a **copy** of your project folder (click on the folder name then CTRL-C CTRL-V)

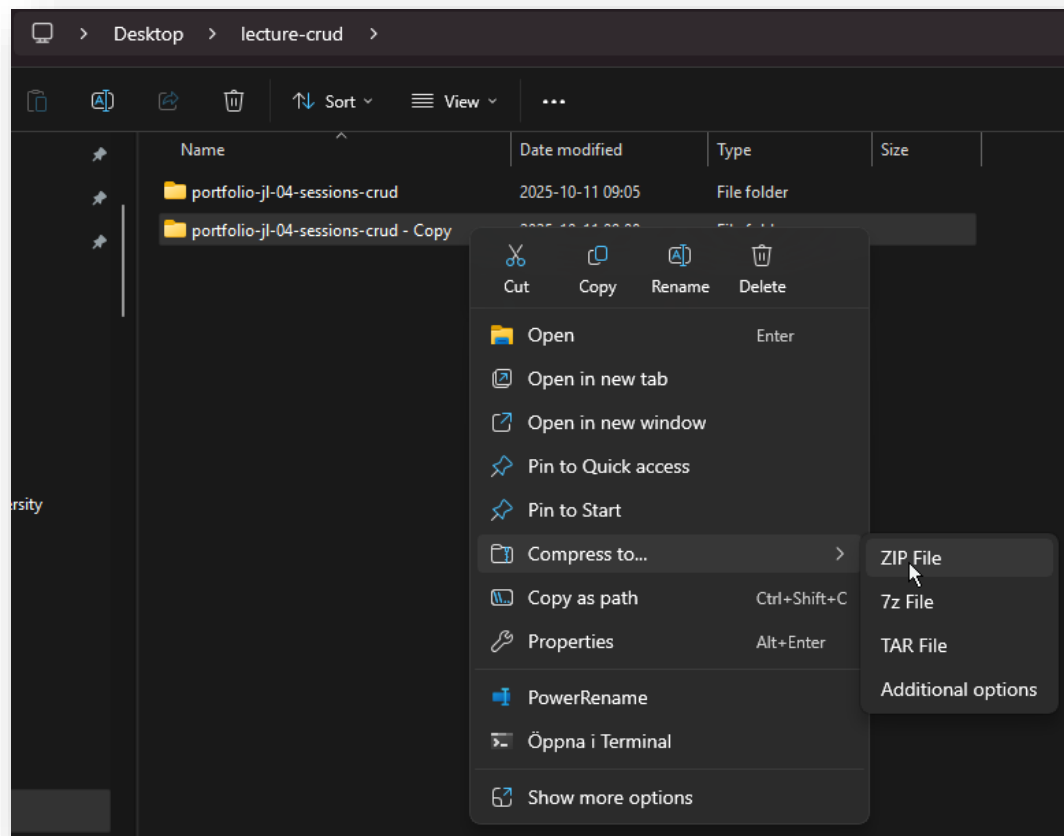

1) PROJECT SUBMISSION

- Go into your project folder
- **DELETE** the "node_modules", ".git" folders **AND** "package-lock.json" file"

1) PROJECT SUBMISSION

- Go into your project parent folder, select your project folder, right-click and compress to ZIP, this is the zip file you must submit on Canvas:

1) PROJECT SUBMISSION

- Go to Canvas and submit your zip file **before the deadline!**

22 October 2025 BEFORE 13:00

2) SOME WORDS ABOUT THE COURSE

- During this course, we studied:
 - The **HTTP** protocol,
 - **HTML** and **CSS**,
 - **Javascript** JS (on the client side),
 - **Node** (JS on the server side),
 - **Express** (functions and middlewares to simplify the code),
 - **Handlebars** (a front-end engine to render pages),
 - The **Model-View-Controller** MVC model,
 - **Databases** (very fast) & **SQLite3** (the database engine), **SQL** (the language to do the CRUD),
 - **Security** (an introduction),
 - **Git** & Github (versioning platform).

2) SOME WORDS ABOUT THE COURSE

- It is a **LOT of information/skills!**
- But **YOU DID IT!**
- **Congratulations, grattis, félicitations.**

2) SOME WORDS ABOUT THE COURSE

- I hope you enjoyed the course as I did.
- Remember: **Web Dev is Fun!**
- But more than this: **BE POSITIVE everyday!**

**Smile and enjoy what you do,
have**

!

2) SOME WORDS ABOUT THE COURSE

- **Thank you for your participation and good luck for the written examination!**
- **Tack för ditt deltagande och lycka till med den skriftliga tentamen!**
- **Merci pour votre participation et bon courage pour l'évaluation écrite !**

ANY QUESTIONS?
